

TOGETHER, WE DELIVER SOLUTIONS
For projects around the world.

WORLDWIDE EXPORT CAPABILITY

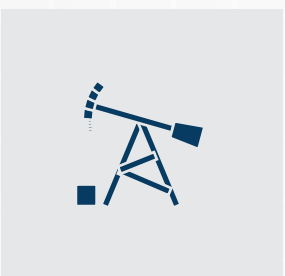

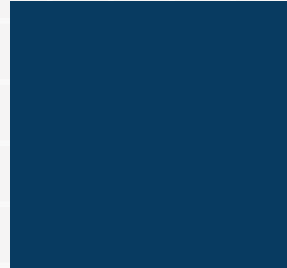

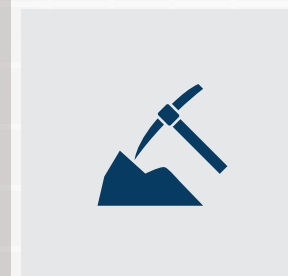

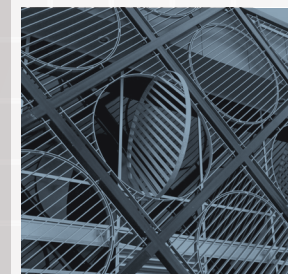

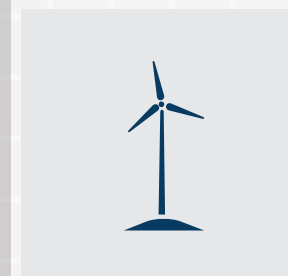

KORVEST LTD: A MARKET LEADING INFRASTRUCTURE PROVIDER

- ISO9001, ISO14001 & ISO18001 Accredited
- High Speed Turnaround
- International Logistics
- Project Capable
- In-House Engineering
- Australia & International footprint

Korvest Ltd (ASX:KOV) has a strong track record in providing ground-breaking, complete solutions to a wide range of industries across Australia and the world.

With two specialist divisions – EzyStrut and Korvest Galvanisers, the company produces a range of standard, as well as customised and innovative products.

Through strong market penetration, with a reputation for producing high quality products and delivering on time, Korvest is now one of the Pacific's largest suppliers of cable and pipe support systems, and galvanising services.

AUSTRALIA'S LEADING RANGE OF CABLE AND PIPE SUPPORT SYSTEMS.

- Channel/Strut
- Cable Tray
- Cable Mesh
- Cable Duct
- NEMA Cable Ladders
NEMA 1, NEMA 2, NEMA 3, NEMA 20C
Galvanised, Stainless Steel,
Aluminium & FRP
- AS3013:2005 Compliant
Fire Rated Systems
- Pipe Clamps & Hangers

EzyStrut manufactures one of the most diverse range of cable and pipe support solutions in the industry, suitable for almost any application and in a variety of finishes.

EzyStrut's products are found in numerous iconic Asia-Pacific locations, including commercial constructions, wharfs, mine sites, tunnels, power stations and more.

A contributing factor to EzyStrut's continued success is the ability to deliver customised cable and pipe support solutions at competitive prices while maintaining an extensive shelf range.

EzyStrut remains the only major Australian manufacturer of cable and pipe supports.

EzyStrut

QUICK TURNAROUND GALVANISING OF THE LARGEST, SMALLEST, AND MOST COMPLEX CONSTRUCTION INFRASTRUCTURE.

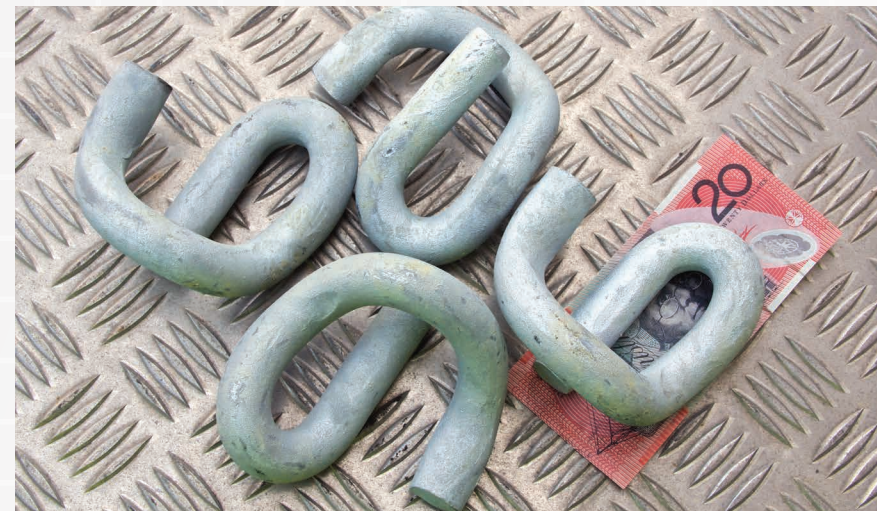

- Multi-Award Winning Galvaniser
- AS/NZS4680:2006 Compliant
- Hot Dip Galvanising of members up to 13.5m long
- ‘Double Dipping’ available to offer an increase in length capability
- Spin Galvanising Plant for a diverse range of small products, particularly suited to hinged or threaded components

A member of the Galvanizing Association of Australia (GAA) Korvest Galvanisers is a leading galvaniser in Australia.

Korvest operates 2 galvanising kettles in SA: A state-of-the-art ceramic kettle for high temperature spin galvanising of small products, and a large hot dip galvanising bath allowing single dipping of structural members up to 13.5m in length.

With all work finished to AS/NZS4680:2006 and with stringent quality control throughout the process, Korvest has been sought for international galvanising requirements.
